

## Give thanks

I give thanks, give thanks, give thanks!  
I give thanks, give thanks, give thanks!  
I give thanks, tha-anks  
and I step back and let Jah take over  
I give thanks, tha-anks  
and I step back and let Jah take over

Ref: Take it out, take it out, take it out  
Tale the pressure out of me  
cause I got everything I need already
