

Lay down your head

H – fis – A – E

Lay down your head

Rest

Know that

It will be healed all

Just listen

And nothing more

Just listen to the sound of your soul

Just listen to the sound of your soul

Hard times - but not for the heart

Only my mind tries

and wants me to be tough!

But I melted like a river

into these lands,

and my heart it gave me shivers-

I 've got everything and nothing in my hands!

Lay down your head

Rest

Know that

It will be healed all

Just listen

And nothing more

Just listen to the sound of your soul

Just listen to the sound of your soul
